

PERSONAL SUMMARY

A passionate architect-engineer with special focus on urban design, community development and large-scale residential and hospitality projects. With nine years of experience in the design and construction industry, and involvement in leading architectural firms in the United States, India, and Greece. With a strong academic background in Architectural Engineering and Urban Design, holding degrees from the Massachusetts Institute of Technology, and the National Technical University of Athens, able to provide innovative solutions through analytical thinking. His work has been presented in Greece, the US, France, and Brazil. Quick to react and to overcome challenges, excels within a fast-paced and highly demanding professional environment. Currently pursuing a career that will drive his vision to create original, inclusive, and sustainable urban environments.

PROFESSIONAL EXPERIENCE

NEW YORK, USA
FALL 2013
-SUMMER 2014

Robert A. M. Stern Architects LLP | Architectural Designer

Contributed to the completion of Schematic Design, and Design Development phases for three high-end residential complexes in Shanghai, Hangzhou, and Istanbul.
